Carrier Notification – GN072008

Date: April 25, 2008
To: CenturyTel Wholesale Customers
Subject: ezAccess® ASR Order Entry System

In 2006 CenturyTel implemented a web-based Access Service Request (ASR) order entry system called ezAccess®. ezAccess® provides an on-line, real-time order entry, processing, and reporting system for customers when submitting Access Service Requests (ASR's) for Special Access, Switched Access and Transport services.

ezAccess® provides the following benefits:

- ✓ Streamline the ordering process, providing more efficient use of valuable time.
- ✓ Generation of all required ASR forms based on the type of service being ordered.
- ✓ Validation and error checking based upon current ASOG requirements.
- ✓ Electronic Confirmation that your orders and batch files have been received.
- ✓ Create, manage and view unlimited ordering templates for use in future orders.

System Requirements:

- ✓ Java Version JRE 1.4 or higher
- ✓ Internet Explorer 6.0 or later
- ✓ Windows 2000 or Windows XP
